

This has 2 P and 2 C working. The P and C trade places after a set pitch limit (inning).

Defense plays every ball.

Rotate the players through hitting.

Make sure you don't randomly assign players to a position – put them where they'll play.

STOP AND TEACH DEFENSE

If the batter doesn't hit every other pitch or so, the coach hits a ball for the defense to play.

The hitter gets 2-5 ABs depending on how quickly he hits the ball. The he becomes a baserunner, and the coach hits him in.
